

Connected Door and Window Sensor with Alerts

Smart Nursery Alert Sensor (MBP81SN)

Your nursery just got smarter

Know when your little one is getting into mischief with the Motorola Smart Nursery Alert Sensor. Place this sensor on a door, window, drawer, baby gate, or more and receive notifications to your phone, tablet, or computer when it opens or closes. With the Hubble app you can get an alert when your toddler is attempting to escape the nursery or when your preschooler is sneaking around in the dresser or the fridge. The Alert Sensor's wireless, hub-free design makes it easy to use, and it is powered by standard AAA batteries. With Motorola's Smart Nursery Alert Sensor, your nursery just got smarter.

Features

Monitor on compatible devices

Open and close notifications
