

# Portable Wi-Fi Video Baby Monitor Camera with analytic features

## Smart Nursery Cam (MBP87 CNCT)

## Your nursery just got smarter

The Motorola Smart Nursery Cam is a portable Wi-Fi® video baby monitor camera that enables you to keep an eye on things from anywhere in the world on your compatible smartphone, tablet, or computer. The Hubble app allows you to receive sound, motion and temperature notifications to your compatible viewing device so you can always stay connected to what's going on. Next to monitoring sound, movement and temperature, the camera also measures the humidity level in the room. The Smart Nursery Cam includes a wide range of video analytics such as activity monitoring and expression detection to give you peace of mind that your little one is healthy and happy. Remote pan, tilt, and zoom on the portable, battery-powered camera ensures that you have the perfect view of your child from anywhere and even cable-free without adapter. The crystal clear two-way audio allows you to communicate with your child while on the go. With Motorola's Smart Nursery Cam, you're free to watch them dream from anywhere.

## Features

Monitor and control on compatible devices

Sound, motion and temperature notifications

Activity monitoring and smart analytics
