

High Definition Dash Cam with 2" built-in screen

MDC50

## Keeping an Eye on the Road

The easy-to-use Motorola MDC50 HD dash cam includes a 2-inch coloured display that records audio and streams 720p HD quality videos. Capture the road and its surroundings with the wide 120o field of view angle lens. Always count on the Motorola MDC50 to have your back with automatic incident detection (G-Sensor). It detects when collisions occur so that your camera knows to record the incident and save the complete event.

## Features

HD 1280x720p

130° Wide Angle Lens

Motion Detection  
with G-Sensor

## MDC 50
