

wireless active noise-canceling
headphones

Escape 800 ANC

listen without distractions

Designed with active noise cancelling technology that detects and cancels out ambient noise, leaving you to immerse in the music as the world around you fades away. The headphones are designed to ensure peace and quiet on your flight, perfect to take them on vacation or business trips! Enjoy complete freedom as you go about your day with these wireless headphones that work with Amazon Alexa. Explore thousands of skills and services with one-touch access. Stream your favourite playlists from Amazon Music or other music service platforms like TuneIn Radio, find a bank or manage your to-do list.
