

wireless in-ear headphones with active noise cancellation

VerveLoop 500 ANC

## be immersed in the music

Designed to amplify one's workout, the Verve Loop 500 ANC promises rich stereo sound. Completely chord-free, users will not have to worry about wires getting in the way. They ensure maximum comfort and optimal fit with integrated ear hooks and are extremely durable and sweatproof. It includes Active Noise Cancellation function, perfect for a focused workout. When users download the Hubble Connect for Verve Life app, it lets them take command of more than 20,000 Alexa skills including Amazon music, podcasts and other 3rd party skills. This convenience offers users the opportunity to get more done on the go.
